

SAFEGUARDING POLICY

Medway Green School

LEAD DSL: Jo McDonough

SAFEGUARDING GOVERNOR: Craig Ribbons

'harm' means ill-treatment or the impairment of health or development, including for example, impairment suffered from seeing or hearing the ill-treatment of another;

'health' means physical or mental health; and

'ill-treatment' includes Sexual Abuse and forms of ill-treatment which are not physical.

Abuse or neglect is not always easy to identify; staff are more than likely to have some information but not the whole picture.

2.9 There are four defined categories of child abuse, which are deemed to be forms of 'Significant Harm':

- Neglect;
- Physical Abuse;
- Emotional Abuse;
- Sexual Abuse.

2.10 It is also important to be aware that:

- Technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life.
- That children can abuse other children (often referred to as peer-on-peer abuse). And that it can happen both inside and outside of school or college and online.

2.11 All staff must be aware of the signs and indicators of child abuse.

3.0 Local Arrangements for the school

3.1 All staff must be aware of the local arrangements for safeguarding relevant to the school in which they work;

3.2 The local arrangements for Medway Green School are as follows

3.3 Medway Green School safeguarding arrangements are in line with local safeguarding partnership arrangements. The Kent and Medway safeguarding partnership consists of the three safeguarding partners (the local authority; a clinical commissioning group for an area within the local authority; and the chief officer of police for a police force in the local authority area).

3.4 The Local Authority Designated Officer is:

Medway LADO

- 01634 331 065
- child.protection@medwat.gov.uk

Kent LADO

- 03000 41 08 88
- Kentchildrenlado@kent.gov.uk

3.5 All safeguarding referrals must be reported to the local authority:

Kent

- o 03000 41 11 11
- o social.services@kent.gov.uk
- o <https://www.kent.gov.uk/social-care-and-health/report-abuse>
- o Out of hours 03000 41 91 91

Medway

- o 01634 334 466
- o mscp@medway.gov.uk
- o <https://www.medwayscp.org.uk/mscb/>
- o Out of hours 03000 419 191

Referrals for children and young people under 18 will be dealt with under the Children's safeguarding arrangements, whereas those 18 and above will be dealt with under the Adult Safeguarding Arrangements.

3.6 The local authority safeguarding referral procedure is:

Kent procedure

If you are worried about the safety of a child or young person please complete the Kent Front Door referral process:

The new Integrated Front Door is operational from Monday 1 October 2018 to access support for children, young people and families requiring intensive or specialist support at levels 3 and 4.

The Single Request for Support Form (DOCX, 197.4 KB) replaces the Early Help Notification (EHN) and the Inter-agency Referral (IAR) forms. The new form is intended to be used by professionals making requests for children and families requiring intensive or specialist support at levels 3 and 4 only. Any referrals that do not meet the criteria should be referred to the appropriate service for additional or universal services or **consideration given as to whether the identified needs can be met within the referrer's own service.**

The new online Support Levels Guidance (previously the Threshold Document) has been developed in a way which will better assist partner agencies when considering where children, young people and families sit within the continuum of need. The guidance comes with an accompanying Support Levels Guidance sheet (PDF, 323.6 KB) which is a double-sided sheet that is colour coded for ease of use and can be easily downloaded.

- whether an early help assessment has been done. If you tell us an early help assessment has been done, you must upload a copy
- whether the family understands how the information you give will be used
- what your concerns are about the child, what's going well for them and what's changed to prompt your referral
- about the capacity of the parents or other family members to meet the child's needs
- what support has already been provided and what that has achieved

It would be helpful to also provide:

- the child's details, primary carer and family details
- an alternative contact if you're not available
- the child's drawings, body maps or any other supporting documentation
- an indication of the type of help that's needed

The form can be using this the link below, or visiting Medway Council website and searching for 'Safeguarding referral form'

<https://www.medway.gov.uk/xfp/form/194>

3.7 For all referrals regarding radicalisation:

Prevent Concerns

- 0207 340 7264
- Counter.extremism@education.gov.uk
- Prevent Referral Form - <https://www.elearning.prevent.homeoffice.gov.uk/preventreferrals>
- Channel Guidance - <http://www.elearning.prevent.homeoffice.gov.uk/>
- If you are concerned about the radicalisation of a young person or other family members please refer the case to the County Channel Panel, or contact Early Help or the Central Referral Unit on the details above.

3.8 For all referrals regarding Exploitation:

CSE Intelligence Form: <https://www.kscb.org.uk/guidance/sexual-abuse-and-exploitation>

The new electronic CSE partner information sharing form has been created so that multiagency staff can share any information with regard to Child Sexual Exploitation that may be important and relevant for the Multi-Agency Child Sexual Exploitation Team (CSET) in order to build intelligence about CSE and better target the response to prevent and disrupt it.

It must be emphasised that this form is NOT a referral in to Specialist Children's Services or to Early Help. If you have concerns that meet the Threshold for EH or SCS, these must be discussed with your safeguarding lead and the appropriate referral/notification made (See Kent and Medway Procedures above)

To access eINTEL please see this link: <https://www.qes-online.com/Kent/eIntel/Live/m/eintel/public/index 8>

Guidance on completing the electronic form can be found below:
KSCB Multi-Agency Guidance for sharing CSE information and intelligence (DOCX, 23.7 KB)
eINTEL User Guidance Presentation (PPTX, 306.9 KB)

3.9 The local authority procedure for an early help referral:

Kent

If you would like to make a referral to the Early Help and Preventative Services, they can be contacted using 03000 41 92 22 or email earlyhelp@kent.gov.uk.

Medway:

Through one of the Early Help Helplines:

Chatham All Saints Children and Family Hub: 01634 338 833

Gillingham Children and Family Hub: 01634 338 877

Strood Children and Family Hub: 01634 335 533

Wayfield Children and Family Hub: 01634 337 733

Or Email: ehsupport@medway.gov.uk

Or through the Children's advice and duty service on 01634 334 466 or website <https://www.medway.gov.uk/xfp/form/194>

3.10 The Chair of Governors for Medway Green School is: Craig Ribbons

3.11 The Outcomes First Group Head of Safeguarding can be contacted at:
anne-marie.delaney@ofgl.co.uk

4.0 The role of Senior Managers and Governor

4.1 Governors must have oversight of safeguarding policies and procedures and ensure that they are being effectively implemented within the school and that training is effective. In line with KCSIE (2021), which states that; '*Governing bodies and proprietors should have a senior board level (or equivalent) lead to take **leadership** responsibility for their schools or college's safeguarding arrangements*'. The named Governor for the school is Craig Ribbons.

4.2 Like teaching staff and volunteers, senior managers and Governors must be safely recruited and have all relevant checks on file. Please see the Group's Safer Recruitment Policy for further information.

4.3 It is the Governors' responsibility to ensure that there is a named Designated Safeguarding Lead (DSL) and that the school contributes to multi-agency working in line with Working Together to Safeguard Children (2018, updated Dec 2020).

4.4 Where there is a safeguarding concern, governing bodies, proprietors and school or college leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide. This has to be balanced with their duty to protect the victim and other children.

4.5 Where the School premises are used for non-school/college activities and the services or activities are provided under the direct supervision or management of the school staff, the schools arrangements for child protection and safeguarding apply. Where service or activities are provided by another body, the School must seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place and ensure they will liaise with the school on these matters as appropriate.

5.0 Designated Safeguarding Lead (DSL)

Designated Safeguarding Lead: Jo McDonough

Deputy DSLs: Ben Price, Katie Tedder, Vicky Simpson and Jade Hallett (Safeguarding administrator)

5.1 *'Governing bodies and proprietors should ensure an appropriate senior member of staff, from the school or college leadership team, is appointed to the role of designated safeguarding lead. The designated safeguarding lead should take lead responsibility for safeguarding and child protection (including online safety). This should be explicit in the role-holder's job description.'* (KCSIE 2021)

5.2 The Head Teacher must appoint one individual to be the lead DSL and make arrangements for there to be deputy DSL in place who will manage any immediate safeguarding incidents in the DSL's absence. The DSL must be an appropriate senior member of the leadership team and, along with deputies, will receive DSL training every two years.

5.3 The Head Teacher must ensure that job descriptions for DSL and Deputy DSLs are kept on personnel files and clearly state their responsibilities.

5.4 The DSL (or deputy) must always be available during school hours for staff to discuss any concerns.

5.5 The main responsibilities of the Designated Safeguarding Lead (DSL) are to:

- provide support to staff regarding safeguarding concerns;
- lead on advising staff of any action to be taken due to a safeguarding concern;
- ensure that children and young people are immediately safeguarded from harm and abuse;
- ensure that there is appropriate cover during their absence, and that staff know who to approach if the DSL is unavailable;
- liaise with local authorities and other professionals, sharing information and fully assisting with any enquiries;
- adopt a child-focused and holistic approach ensuring the child's wishes and feelings are taken into account when determining what action to take
- refer allegations to the Local Authority Designated Officer or equivalent;
- refer safeguarding concerns to placing and host local authorities;
- refer suspected cases of radicalisation to Channel;
- refer suspected case of Female Genital Mutilation to the police;
- refer suspected cases of Child Sexual Exploitation and trafficking to the police;
- refer cases to the Disclosure and Barring Service after staff have been dismissed or there is suspected harm having been caused to children and young people;
- liaise with Outcomes First Group Quality Assurance Team and HR Team if any allegations or suspected harm having been caused to a child by an employee, supply staff or volunteer for Outcomes First group;
- ensure that the school complies with the work of the local safeguarding partnership.
- Ensure that all staff receive regular update training in relation to safeguarding;

6.1 Governing bodies and proprietors should ensure that, as part of the requirement for staff to undergo regular updated safeguarding training, including online safety, and the requirement to ensure children are taught about safeguarding, that safeguarding training for staff is integrated, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning. They must regularly review the training programme to ensure that it includes all the required knowledge and that staff understand how it is to be implemented.

Whilst considering the above training requirements, governing bodies and proprietors should have regard to the Teachers' Standards which set out the expectation that all teachers manage behaviour effectively to ensure a good and safe educational environment and requires teachers to have a clear understanding of the needs of all pupils.

6.2 This policy **must** be read in conjunction with Keeping Children Safe in Education (2021). **All staff are expected to follow this policy and statutory guidance including KCSIE 2021.**

6.3 All staff must read the following documents:

- Part 1 (or Annex A where appropriate) of [KCSIE 2021](#)
- The school's Restrictive Physical Intervention Policy
- The school's Anti-bullying policy
- Outcomes First Group's Peer-on-peer abuse policy
- Outcomes First Group's Exploitation policy
- Outcomes First Group's Protecting Children from Radicalisation policy
- Outcomes First Group's Harmful Sexual Behaviours policy
- Outcomes First Group's Safer Recruitment policy
- Outcomes First Group's Data Protection policy
- Outcomes First Group's Web Filtering policy
- Outcomes First Group's Staying Safe Online
- The school's Whistle blowing and complaints policy
- The school's staff behaviour policy (Code of Conduct)
- The school's description and guidance of the role of the DSL
- The school's description and guidance of the role of the Deputy DSL
- [DfE guidance on sexual violence and harassment between children in schools and colleges](#)
- [DfE guidance on Children Missing in Education](#)
- [DfE guidance on Promoting the Education of Looked After Children](#)
- [DfE guidance on Teaching Online Safety in Schools](#)
- [DFE Guidance on Sharing nudes and semi-nudes advice for education settings working with children and young people](#)
- [DFE Guidance on Searching, Screening and Confiscation](#)

6.4 Safeguarding updates must be regularly provided to staff, either through face-to-face training, meetings or through regular written updates.

- Face to face safeguarding training must be provided (and recorded) to **all staff at least annually.**
- **DSL** must refresh their advanced training **at least every two years.**

6.5 All members of school leadership teams, including the Head Teacher and DSL should also be familiar with **Working Together to Safeguard Children 2018** (updated Dec 2020).

children's social care for assessment for statutory services, if the child's situation does not appear to be improving or is getting worse.

10.0 Reporting concerns

10.1 What to do if a child or young person discloses

Systems should be in place (and they should be well promoted, easily understood and easily accessible) for children to confidently report abuse, sexual violence and sexual harassment, knowing their concerns will be treated seriously, and that they can safely express their views and give feedback.

If a child or young person discloses information to a member of staff, they must ensure that they:

- listen to the child or young person and reassure them they are being taken seriously and that they will be supported and kept safe.
- never give them the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment. They must never be made to feel ashamed for making a report.
- do not dismiss what the child or young person tells them. All concerns must be acted upon rigorously;
- do not promise to keep it a secret. The member of staff must explain that they have a duty to share information to keep them safe and protect them;
- write down what the child or young person tells them. This must be accurate and in the child's words;
- immediately report the concerns to the DSL or deputy. If neither is available, the member of staff must report the information to the Head Teacher, Principal or Regional Director for Education and Care;

10.2 Staff must be alert to not just potential familial abuse and allegations, but also to children and young people making allegations against staff, volunteers or peers. In these situations the Group's Managing Allegation Procedures must be followed. (See Section 24 for further details)

10.3 All concerns, however small or trivial they may seem, **must** be immediately reported to the DSL. This must be done verbally and then followed up **on the same day** and documented on the electronic recording system. The member of staff has a responsibility to ensure that action has been taken with regards to the concerns on the **following day** and that the concern is documented on the electronic system. If action is not taken in a timely way as the member of staff sees fit, they have a duty to escalate their concerns to the Head Teacher or the Regional Director for Education and Care.

10.4 Staff must prioritise the child or young person's immediate safety. They must remain professional and adhere to all safeguarding and confidentiality procedures. After sharing the information with the DSL or deputy, they must not share it with anyone else.

10.5 On receipt of the information, the DSL must consider all information and then, in cases of serious concern, report this within **one working day** to the host authority, placing authority, Regional Director for Education and care and where relevant, the Local Authority Designated Officer.

11.0 Managing Referrals to DBS and professional bodies

- 11.1 This may include referrals to Disclosure and Barring Service, Social Work England, or other professional bodies including the Care Council for Wales (CCW), and/or the Scottish Social Services Council (SSSC), Northern Ireland Social Care Council (NISCC) or Teacher Regulation Authority.
- 11.2 A Sub-Committee of the Outcomes First Group Safeguarding & Quality Committee takes an overview of all professional conduct issues to ensure the Group is compliant and consistent with all legal duties relating to referrals to professional bodies and the Disclosure and Barring Service.
- 11.3 Outcomes First Group managers must notify the Safeguarding Sub-Committee of all referrals and potential referrals to the Disclosure and Barring Service or any relevant professional body in the UK.
- 11.4 All professional conduct issues which may require a referral to a professional body, whether they relate to safeguarding children or not, must be referred to this sub-committee. For example, a teacher may be prohibited from teaching for a wide range of reasons which do not relate to the safety of children or young people.
- 11.5 The Safeguarding Sub-Committee will support the decision-making process to refer an employee to a professional body and/or DBS and make it clear who is responsible for the submission of any relevant documentation. This will normally be delegated to a senior manager within the division.
- 11.6 If an employee is dismissed from employment due to a safeguarding concern or allegation, a referral to the Disclosure and Barring Service or relevant government body in Scotland or Northern Ireland must be made. **It is an offence not to make a referral to the Disclosure and Barring Service in England and Wales.**
- 11.7 If a DBS referral is made, at the point of completion Outcomes First Group managers must notify the Group Head of Safeguarding and the Human Resources Operations Advisor of the referral and any other possible referrals to any relevant professional body in the United Kingdom, relating to the allegation made.
- 11.8 Where a teacher is dismissed or their services are no longer used because of serious misconduct or might have been dismissed or services ceased to be used had they not left first, they must consider whether to refer the case to the Secretary of State (via the Teaching Regulation Agency).

12.0 Partnership working and sharing information

- 12.1 Partnership working and the sharing of information is key in keeping children safe. Everyone who has a role to play in caring for children has a duty to share good quality information with the relevant professionals in a timely manner.

12.2 General Data Protection Regulations

All schools must ensure that they comply with the Outcomes First Group's Data Protection policy which incorporates the GDPR requirements. The GDPR works around the principles of

consent and assumes the automatic right of privacy to all individuals. This applies to children and young people's personal information, as well as that of staff and parents/carers.

The GDPR is not a barrier to sharing safeguarding information. Safeguarding concerns must always be passed on. It is not necessary to seek consent to share information for the purposes of safeguarding and promoting the welfare of a child provided that there is a lawful basis to process any personal information required.

All staff must complete the GDPR training. All staff have a responsibility to ensure that they comply with the GDPR requirements.

- 12.3** Schools must ensure that they inform pupils, parents and carers of how their personal information will be stored and used.
- 12.4** Schools must ensure that they hold emergency contact details of the parents/carers of pupils. This is to be done with the agreement of the parents/carers. In line with KCSIE (2021) schools must hold more than one set of contact details for each pupil, where reasonably possible.
- 12.5** Data breaches must be reported immediately to the Data Protection manager as set out in the Data Protection Policy.
- 13.0 Peer on Peer Abuse**
- 13.1** It is essential that all staff understand that abuse is abuse and the importance of challenging inappropriate behaviours between peers. In addition to the information below, staff should familiarise themselves with the Outcomes First Group's **Peer-on- Peer abuse Policy**.
- KCSIE (2021) states: **"Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it."**
- 13.2** Staff must ensure that they create a school environment where children and young people's safety is paramount and where unacceptable or unsafe behaviour is not tolerated. Staff must be aware and alert to incidents of online abuse between children, consensual and non-consensual sharing of nude and semi-nude images, sexual violence and sexual harassment between pupils and bullying. This includes upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks for sexual gratification, or to cause the victim humiliation, distress or alarm. Staff must be alert to possible signs of peer-on-peer abuse. Inappropriate language must be rigorously and consistently challenged.
- 13.3** All staff should understand, that even if there are no reports in their schools, it does not mean it is not happening, it may be the case that it is just not being reported. Staff are advised to maintain an attitude of **'it could happen here'** and be vigilant to any signs.

It is important that staff are aware that children may not find it easy to tell an adult about their abuse verbally. Children can show signs or act in ways that they hope adults will notice and react to. In some cases, the victim may not make a direct report. For example, a friend may make a report, or a member of school or college staff may overhear a conversation that suggests a child has been

harmed or a child's own behaviour might indicate that something is wrong. If staff have any concerns about a child's welfare, they should act on them immediately rather than wait to be told.

13.4 Staff must act immediately and report any concerns regarding peer-on-peer abuse to the DSL.

13.5 Peer on peer abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- abuse in intimate personal relationships between peers;
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, e.g. sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse;
- causing someone to engage in sexual activity without consent,
- consensual and non-consensual sharing of nude and semi-nude images and or videos
- upskirting
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group)

These forms of abuse can happen inside or outside of school both offline and online.

13.6 A contextual safeguarding approach must be taken when considering possible peer-on-peer abuse. Children and young people who display harmful behaviours must be seen as potential victims themselves, and the wider environmental risks must be taken into account. Staff must challenge any gender bias or derogatory language used by staff or pupils. Staff must not dismiss any concerns brought to them by pupils. Staff can report concerns verbally, but they must ensure that all concerns are recorded onto the schools

Electronic recording system by the end of the school day.

13.7 When making decisions about how to deal with allegations, the age and understanding of the young person who has displayed harmful behaviour must be taken into consideration, as well as any relevant personal circumstances and how this relates to their behaviour. Schools must consider any disparity in age between the young person who has displayed harmful behaviour and the victim, the impact the behaviour has had on the victim, and any element of coercion or violence.

13.8 DSL must deal with any concerns of peer-on-peer abuse immediately and sensitively. As much information as possible must be gathered from the victim and the young person who has allegedly displayed harmful behaviour in order to gain the facts of what has happened.

13.9 The language used must be sensitive, non-judgemental and must not blame the victim. Victims must be supported and reassured that their safety and welfare within the school is the priority. Risk assessments must be implemented where necessary.

13.10 Where the DSL believes that there has been significant harm caused to the pupil, a referral must be made to the local authority immediately. In agreement with the local authority, parents/carers must be informed. Where possible, as best practice, parents/carers are to be informed face to face.

13.11 If the local authority does not believe it meets their threshold for further action and the DSL is not in agreement, this must be challenged with the local authority.

13.12 After the outcome/conclusion of the incident:

- a contextual safeguarding approach must be taken;
- schools must take all necessary action to learn from the incident and prevent future incidents from occurring, such as through targeted education around specific types of peer-on-peer abuse;
- support for the victim must be offered and provided where possible. Appropriate risk assessments must be implemented to provide reassurance and safety for the victim;
- schools must ensure that they **do not** adopt a victim blaming approach;
- the DSL must complete an investigation into the incident; The investigation must consider the incident itself as well as whether it is an isolated incident, and the personal circumstances of the young person who is alleged to have displayed harmful behaviour;
- if necessary, appropriate referrals must be made to support services for the young person who has displayed harmful behaviours;
- a risk assessment must be completed and implemented for the young person who has displayed harmful behaviours in order to safeguard them and other pupils.

14.0 Bullying

14.1 Severe or persistent forms of bullying can result in Significant Harm, which is why those providing services for children should have adequate policies, procedures and training to counter bullying. Bullying occurs when a person or group of people behave in ways which are designed to cause distress or to hurt a person or group of people. Bullying can be overt and plain for all to see. It can be subtle and insidious. Bullying can become part of the culture, recognised or believed by all or a significant number of people as 'acceptable'.

14.2 Outcomes First Group has a zero-tolerance approach to bullying. All staff have a responsibility to challenge all bullying. Staff must help children and young people to understand what bullying is and how to report it. Bullying must be dealt with as a safeguarding matter. Staff must report any bullying concerns to the DSL **on the same day**. The concerns must be documented appropriately.

14.3 Schools have a responsibility to ensure that those children and young people who bully, are supported and helped to understand the impact of their actions.

The government has produced the following guidance on Preventing and tackling bullying, mental health and behaviour in school: <https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

See [Rise Above](#) for links to materials and lesson plans

14.4 For further information please refer to the school's anti-bullying policy, child protection policy, the Web Filtering policy, and the DfE guidance [Sexual violence and sexual harassment between children in schools and colleges](#) (Sept 2021)

14.5 All staff have a responsibility to report any suspicions or concerns that a child has or may be mistreated or harmed.

15.0 Preventative Strategies

15.1 The school will take all appropriate action to ensure that children and young people learn about appropriate relationships with adults, keeping safe, online safety as well as sex and healthy relationships. Relationship, Health and Sex Education (RSHE) lessons, Relationships Education, and Relationships and Sex Education will focus on important age-appropriate issues in line with Government guidance. Staff must ensure that children and young people have opportunity to learn about safe relationships between peers as well as who they can talk to if they have any concerns.

A one-stop page providing teachers with support in teaching RSHE topics can be found here: <https://www.gov.uk/guidance/teaching-about-relationships-sex-and-health>

15.2 Children should be supported by staff to understand what abuse is. Children must be listened to and enabled to report any abuse or neglect at the earliest opportunity. They should be given information about how to report abuse or any concerns about possible abuse. This should include being able to access in private, relevant websites or help lines such as Childline to seek advice and help.

15.3 The school recognises that some children and young people are more vulnerable by virtue of their complex health or behavioural needs, or disabilities. In these instances, all staff have a responsibility to be the 'eyes and ears' and report all concerns to the DS Lead.

15.4 For further information, refer to Part 5 of Keeping Children Safe in Education (2021) 'Child on Child Sexual Violence and Sexual Harassment'.

16.0 Online Safety

16.1 There is a whole school approach to online safety to help equip pupils with knowledge and understanding to stay safe online. The school helps and supports its pupils to recognise and avoid online safety risks and to help build their digital resilience. This is integrated into everyday learning and covered in detail as part of the RSHE curriculum. There are a range of resources to provide support for online safety in schools at:

<https://www.childnet.com/teachers-and-professionals>

16.2 The Outcomes First Group requires safe and secure systems to be put in place within schools that limits the exposure to such risks. Please see the Group Web Filtering Policy that is updated for schools each year and the Group's Staying Safe Online Policy.

KCSIE (2021) states that the school should have a clear policy on the use of mobile and smart technology. Schools are required to develop a local policy.

16.3 If a member of staff has reason to believe that a child or young person is experiencing harm or is at risk of harm, the reporting process set out in this policy in Section 10 must be followed immediately.

16.4 If staff become aware of an online incident that is a cause for concern, they should:

- Provide reassurance to the child or adult.
- Take immediate action to report any criminal offences to the police and social care.
- Inform the child or adult's placing authority and family as appropriate.
- Review the supervision and support arrangements for the child accessing the internet.
- Check the privacy and security settings on the child's devices and account.

are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

- 19.2 All staff should be aware of the range of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending, such as theft or robbery.

Further guidance for professionals can be found here:

<https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence>

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

20.0 Female Genital Mutilation

- 20.1 In line with KCSIE (2021), teachers have a legal duty to share concerns regarding FGM; 'If a **teacher**, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police'. In suspected cases of FGM, staff must refer to the local authority as well as the police. The DSL will assist and support staff with this.

- 20.2 Staff must read and be familiar with statutory guidance regarding reporting FGM 'FGM Fact sheet': <https://www.gov.uk/government/publications/female-genital-mutilation-leaflet>

- 20.3 The DSL must ensure that immediate concerns regarding potential abuse, harm, honour-based abuse including FGM, forced marriage and breast ironing, CSE and Trafficking or Radicalisation are shared **immediately** with the relevant Regional Director for Education and Care (and Chair of Governors) and that staff have documented them appropriately.

21.0 Preventing Radicalisation

- 21.1 Outcomes First Group fully recognises its responsibility to have arrangements in place to safeguard and protect children from radicalisation. Section 26 of the Counterterrorism and Security Act 2015 places a statutory responsibility on schools to 'have due regard to the need to prevent people from being drawn into terrorism'. This is known as the 'Prevent' duty.

- 21.2 All staff must be aware of the signs and indicators of radicalisation. Staff must be proactive in reporting any concerns, regardless of how small they may be, to the DSL who must assist staff to report all concerns regarding radicalisation to the Police as well as the Regional Director for Education and Care. Staff must document their concerns appropriately.

- 21.3 All staff must be aware of the local procedures relating to reporting radicalisation concerns.

22.0 Children Requiring Support with their Mental Health

- 22.1 Outcomes First Group recognises that schools have an important role in supporting the health and wellbeing of children and young people. Mental ill-health can be an indicator of

a child suffering or at risk of abuse, neglect or exploitation. All schools should have systems in place for identifying mental health problems and referring to appropriate agencies for additional support. This will ordinarily be with the consent of the child and their family. All details of concerns and any referrals or other support arranged for the child should be documented on the schools electronic recording system.

- 22.2** Schools can refer to the Mental Health and Behaviour in Schools guidance (2018) <https://www.gov.uk/government/publications/mental-health-and-behaviour-in-schools--2>
The guidance provides advice on how to create a whole school culture in promoting positive mental health outcomes for children and young people.

23.0 Physical Interventions

- 23.1** While every school creates an atmosphere of nurturing, unconditional positive regard and warmth, Outcomes First Group recognises that on occasion it may be necessary to use physical intervention to keep a child or young person safe. Physical intervention must be a last resort and must always be proportionate. Once the child is safe and calm, it is essential that there is a debrief with the child. It should be an open discussion with the member of staff encouraging the child to talk about how they feel and understand what happened.

The intervention and the follow-up action must be recorded on the School's Electronic Recording System.

- 23.2 All staff must read and know the school's individual Physical Intervention Policy.**

- 23.3** If a child or young person makes an allegation after a physical intervention, it is important that the member of staff writes down as much information as possible. Staff must complete body maps immediately after the event and make an appropriate electronic record. Staff must also verbally inform the DSL (or deputy) as well as recording it onto the schools electronic recording system. **Medical attention must always be sought for the young person.** Staff must inform their parents or carers. Allegations of harm relating to physical interventions must be reported to the Regional Director for Education and Care, the Group Head of Safeguarding (anne-marie.delaney@ofgl.co.uk) Local Authority Designated Officer or equivalent.

24.0 Allegations against Staff

- 24.1** An allegation is any concern, complaint or disclosure that indicates a member of staff, agency staff or volunteer or has:
- Behaved in a way that has harmed a child or may have harmed a child
 - Possibly committed a criminal offence against or relate to a child
 - Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
 - Behaved or may have behaved in a way that indicates they may not be suitable to work with children.

26.0 Whistleblowing

- 26.1** Safeguarding is everyone's responsibility. Outcomes First Group recognises that on occasion staff may feel that they are unable to tell someone within their immediate place of work about any safeguarding concerns that they may have. The Group also recognises that children will be unable to voice their concerns if they are in an environment where staff also fail to voice their concerns.
- 26.2** All staff have a duty first and foremost to the children in their school. Any concerns, regardless of how small they may seem, must be reported. DSLs and Head Teachers have a responsibility to ensure that they create an environment where staff feel safe to openly voice any concerns and feel listened to. It is also important that staff feel supported if concerns are raised about them. If staff see or hear about other colleagues' practice which they are concerned about, which potentially may cause emotional or physical harm to a pupil, or if the standard of care being provided falls short of expectations, they must report this.
- 26.3** Outcomes First Group has an anonymous telephone support system (Safecall) where staff are able to share any concerns that they may have, safely and without fear of reprisal. All whistleblowing concerns will be taken seriously and treated as such.
- 26.4** Staff can call Safecall on **08009151571**, report online **www.safecall.co.uk/reports**, or email **outcomesfirstgroup@safecall.co.uk**

27.0 Covid-19 and disruption to schools

- 27.1** The Covid-19 Pandemic has caused significant disruption to education settings during the last two academic years. The safeguarding of children and young people always remains the highest priority in all circumstances. Whilst it is anticipated that the impact of Covid-19 will decrease, the school continues to have clear procedures in place for reducing the risk and spread of infection, managing cases/suspected cases, self-isolation and remote learning.

27.2 The School will:

- Keep up to date with the latest government legislation and guidance and ensure it is followed.
- Follow the system of controls to minimise the risk of infection.
- Have a contingency plan in place for outbreaks in the school or changes in restrictions
- have a remote learning plan in place for pupils to follow and engage in if and when required.
- Staff and children reporting to be symptomatic will be sent home and asked to arrange to have a PCR test as soon as possible and report the result to the school.
- Communicate any changes in processes to parents/carers.
- Regularly review its arrangements and, where necessary, update its risk assessment.

- 27.3** Each school will have individual arrangements and characteristics that may require site-specific arrangements. In such cases, the Regional Director of the setting should be informed.

All staff should continue to have full regard to KCSIE(2021) and all Outcomes First Group procedures, including the Safeguarding and Managing Allegations against Employees policies. This applies at all times, when working online or offline, remotely or at a setting.

27.4 Designated Safeguarding Lead

In circumstances where remote learning takes place, staff and pupils must all know how to contact the DSL and who the deputies are if the DSL is unavailable. A contingency plan should be in place should the DSL become unavailable for work and the current deputising arrangements become depleted. This may be that an alternative senior leader has a buddying arrangement with a DSL from another setting for support should this be required.

Arrangements for reporting and accessing electronic and paper record keeping systems must be in place. If a member of the team is unable to attend work due to self-isolation, they may be able to continue to function as part of the DSL team remotely with this access. Sensitive or confidential case-related information must not be removed from the school to take to another location for remote working. Consider other mechanisms to access the information securely.

27.5. Practice Guidance

Many of the children and young people we educate have EHC plans and may remain in school. It is important that each individual child's circumstances are considered, and it should not be assumed that all children with EHC plans should be in school regardless of circumstance. Decisions should be based on the child's best interests. Arrangements need to be communicated clearly with parents and carers.

The following steps should be taken to agree a plan in respect of individual pupils:

- A risk assessment must be undertaken for each child. This should consider any health-related vulnerabilities of the child or members of their household (if known), any specific online risks and any child protection concerns.
- For every child with an allocated social worker, the most suitable course of action in the circumstance should be agreed with both the placing authority or local authority and/or their parent or carer. The rationale for the decision, the people involved in the decision-making, and the date and time of the discussion should be recorded clearly on the child's record.
- For any children subject to child protection plans, the local authority has a duty to remain in contact and see the child at least every 10 working days. Arrangements must be made to enable this to happen. As a key agency in the child's life, the school will commit to maintain contact with them. How this done is a matter for individual consideration.
- For children in need (As defined in section 17 of The Children Act 2004) we should recognise that these families require support, and the local authority has an obligation to provide that. You should ask the allocated social worker what the arrangements will be to support the child and family and what their expectations are of the school. The outcome of this discussion must be recorded.

- For any child or young person receiving early help services or subject to non-statutory multi agency plans. The manager or allocated worker for that child must be contacted by the school to establish how regularly the child will be seen and what the expectations are of the school to maintain contact with that child or provide support for the family.
- Each head/principal must inform the placing local authority if a child will be accessing off-site education. Ensure a record of the communication and any response received from the local authority is held at the school.
- As an absolute minimum requirement, during term-time, the school must make **weekly** contact with children and young people who are not attending school in person. This should be over the telephone or through virtual communications platforms.
- There will be arrangements to maintain contact with some children and young people during holidays. This will be considered on a case-by-case basis.
- If the school is unable to make contact with any child or young person this must be considered as a potential safeguarding or child protection matter and make a referral through local safeguarding arrangements.

<https://www.pshe-association.org.uk/guidance-teaching-pshe-remotely>

27.6 Digital Learning

Where possible digital learning options for children and young people will be made available if they are having to learn remotely. All staff should be mindful that the Outcomes First Group's and school's safeguarding policies & procedures and Code of Conduct & Ethics Policy continue to apply, at all times when working online or offline at any location.

27.6.1 Acorn Digital Learning have produced a Live Online Risk Assessment, and Student Remote Learning policy and template, that have been shared with all Outcomes First Group schools and can be utilised as required.

27.6.2 Data protection and GDPR considerations must be taken into account. This includes rules on signing pupils up to online services, and staff accessing personal data when working at home. It is recommended that staff are regularly reminded of the data protection and GDPR policies and procedures, whether they are working from school or remotely.

27.6.3 The guidelines for digital learning below must be followed:

- Ensure parents and carers are aware of online safety advice and resources such as [Thinkuknow](#) and [Safer Internet Centre](#)
